Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is
circulation consulted.

TO BE EXACT by actual survey in twenty-four
average American cities by actual count each
City Directory averaged three and one-half
consultations for each business day.

TO BE CONSERVATIVE we will eliminate the
sixty Sundays and Holidays when no tests were
made.

FOR EVERY THOUSAND DIRECTORIES sold there
will be an average of three and one-half con-
sultations for each book for THREE HUNDRED
and FIVE days, therefore $1000 \times 3\frac{1}{2} \times 305 =$
1,067,500.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

CONSULTATIONS OR CIRCULATION
CONSULTED

When You Want to Know:

- where a person lives.**
- what his occupation is.**
- who lives at a certain number on
a street.**
- where a street is located.**
- the correct spelling of a name.**
- the officers of a corporation.**
- the partners in a firm.**
- the solution to any of scores of problems
that pop up unexpectedly to annoy and
baffle you.**
- you can quickly find the answer
in the City Directory.**

NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.
